Issue: V

ENVIRONMENTAL MANUAL**Environmental Policy**

Schedule EM 06

Page 1 of 1

Lundy Projects recognises its responsibility towards the environment and acknowledging the requirements of ISO 14001:2015 issues this policy as a statement of the commitment of management and personnel to minimising the environmental impact of its business activities.

In order to ensure effective management of its activities and workplaces with the potential to affect the environment, Lundy commits itself to:

- Being aware of how its activities and services impact upon the environment and is committed to complying with the relevant environmental legislation and regulations and to other requirements to which the organisation subscribes.
- Continual improvement of its environmental performance by building environmental considerations into its decision making processes and methods of operation to minimise environmental impact and prevent pollution.
- Setting and publishing a clear set of environmental objectives and targets to ensure continual improvement in its environmental performance and to monitor results to ensure that targets are met.
- Ensuring that this policy is implemented, maintained and communicated to all personnel on any site where its projects, activities or services may give rise to a significant effect on the environment.
- Communicating this policy and the environmental objectives to its Clients and customers and also to the general public, as requested.
- We will, wherever possible, ensure our procurement is from sustainable resources such as our sustainable sourcing timber policy as stated in EM08.
- Requiring our external providers to have a proper and compatible regard relative to the equipment, goods and services they provide.
- In order to meet this commitment, Lundy will:-
 - Ensure compliance with all relevant environmental legislation and any rail specific environmental requirements of Network Rail or other Principal Contractors for whom we work.
 - Assess the impact on the environment at the project work location.
 - Ensure compliance with all relevant environmental legislation.
 - Reduce emissions and prevent pollution.
 - Protect the environment
 - Improve waste management practices.
 - Reduce consumption of natural resources.
 - Minimise noise and other nuisances.
 - Continuously monitor environmental performance.

This policy will be reviewed annually as part of the Management review process, to ensure its continued relevance and adequacy.

Signed :-

Mike Lundy
Managing Director
