

Environmental Policy

Lundy Projects recognises our responsibility towards the environment and acknowledging the requirements of ISO 14001:2015 issues this policy as a statement of the commitment of management and personnel to minimising the environmental impact of the business activities.

In order to ensure effective management of our activities and workplaces with the potential to affect the environment, Lundy commits to:

- Driving continual improvement by ensuring effective management of our environmental impacts and maintaining Environmental Management System in compliance with ISO 14001:2015 to enhance our environmental performance.
- Develop objectives, supported by targets to manage our significant impacts
- Develop Environmental Performance Indicators to measure resource use, waste and emissions to promote environmental best practice.
- Continual improvement of our environmental performance by building environmental considerations into our decision-making processes and methods of operation to minimise environmental impact and prevent pollution.
- Seek innovative solutions and take advantage of new technology by working in partnership with our customers and supply chain.
- Ensuring that this policy is implemented, maintained and communicated to all personnel on any site where its projects, activities or services may give rise to a significant effect on the environment.
- Wherever possible, ensuring our procurement is from sustainable resources, such as our Sustainable Sourcing Timber Policy as stated in EM08.
- Ensuring our operations are carried out in accordance with our compliance obligations. In order to meet this commitment, Lundy Projects will:
 - Assess the impact on the environment at the project work location.
 - Ensure compliance with all relevant environmental legislation.
 - Reduce emissions and prevent pollution.
 - Protect the environment
 - Improve waste management practices.
 - Reduce consumption of natural resources.
 - Continuously monitor environmental performance.

This policy will be reviewed annually as part of the Management review process, to ensure its continued relevance and adequacy.

Signed:-

Peter Baverstock Managing Director
