

Quality Policy

Successful quality management is of prime importance to our business. It is also fundamental in order to achieve compliance with client, statutory and regulatory requirements.

Our Quality Management System complies with the requirements of ISO 9001:2015, and we are committed to continually improve its effectiveness through the promotion of risk-based thinking and engagement with our colleagues, clients and suppliers in decisions being taken and processes being implemented.

In order to meet this commitment, Lundy Projects will:

- Establish, implement and maintain a policy that is appropriate to the context of our Organisation and supports our strategic direction.
- Comply with applicable legislation, regulations and standards.
- Maintain processes and procedures to meet the requirements of ISO 9001:2015 and BS EN 1090-1 & 3834/ UKCA Marking for structural steelwork and NHSS20 Road steel Manufacturing and Installation.
- Maintain and continually improve a Factory Production Control (FPC) system.
- Follow a concept of continuous improvement and make best use of our management resources and infrastructure in all Quality-related matters.
- Communicate our Quality objectives and performance against our objectives throughout the Organisation and to interested parties.
- Take due care to ensure that activities are safe for employees, external providers and others who come into contact with our work.
- Adopt a forward-looking view on future business decisions which may have Quality impacts.
